PROJECTS

Amazon Sales Analytics Dashboard - Excel · SQL · Power BI · KPI Design · Business Storytelling

[Live Link](#)

- Analyzed **250** orders and **\$243.8K** revenue from a Kaggle **Q1 2024** dataset, as measured by a **96%** revenue concentration in Electronics & Home Appliances, by cleaning and transforming raw data in Excel and SQL to inform targeted inventory recommendations.
- Identified a **60%** month-on-month revenue drop from March to April, as measured by a significant decline in sales, by designing drill-down views in Power BI to surface seasonality and promotional gaps for stakeholder review.

Cadet OS — Operations Data Platform - Process Automation · Scheduling Optimization · Operational Analytics [Live Link](#)

- Developed a centralized task-management and scheduling platform for **150+** cadets, achieving a **30%** reduction in scheduling conflicts through data-driven allocation.
- Enhanced overall team efficiency by **40%** by replacing manual processes with a unified, data-backed task management system.

Delhi Traffic Congestion & Signal Optimization Analytics Dashboard - Excel, SQL, Power BI

[Live Link](#)

- Analyzed **2,000+** traffic observations as measured by a **76-second** average delay reduction, by designing and implementing SQL-based data models and KPI queries to identify congestion hotspots across **5** key corridors.
- Developed a comprehensive **5-page** Power BI dashboard as measured by a **100%** coverage of key metrics, including traffic volume, congestion, delay, and Level of Service (LOS), by integrating data from Kaggle datasets and simulated Delhi-specific corridor data.
- Improved traffic signal efficiency as measured by a projected Level of Service (LOS) enhancement from E to C, by developing a business case for Adaptive Traffic Control Systems (ATCS) and signal optimization, resulting in potential benefits for **5** high-traffic areas, including AIIMS, Chandni Chowk, and Dwarka.

EXPERIENCE

BIM Modeler Intern - Celekhor, Germany (Remote)

Jan 2026-Present

- Developed and delivered over **100** BIM-based architectural models as measured by **100%** project completion rate, by utilizing ArchiCAD, Revit, and AutoCAD to create detailed 2D drawings and 3D models for residential and commercial projects.
- Improved project accuracy by **95%** as measured by reduction in design errors, by identifying and resolving model inconsistencies and collaborating with architects and project teams to incorporate design revisions and client requirements into BIM models.

Operations & Data Intern - DTU – Dean (UG) Office

Feb 2024-Apr 2024

- Redesigned and automated Excel-based reporting workflows, accelerating report generation by **30%** and reducing manual processing effort.
- Standardised data entry and validation processes in Excel, enhancing data reliability by **25%** (measured by reduction in discrepancies).

Junior Under Officer (JUO) - NCC DTU

2023-2026

- Spearheaded operations for **250+** cadets, achieving **95%** training-program completion by designing data-driven training schedules and logistics plans.
- Commanded **150** cadets as Squadron Delta Lead during a **10-day** CATC, ensuring **100%** disciplined execution and zero major incidents.

Vice President - SAAMANT – DTU NCC Fest

2025-2026

- Managed vendors, budget, logistics, and timelines for a large-scale inter-college fest, growing attendance **25%** to **3,000+** participants.
- Led **10+** member cross-functional teams, achieving **95%** on-time delivery and a **30%** reduction in operational errors.

SKILLS

Analytics & BI, Excel, SQL, Power BI, KPI Design, Business Storytelling, Program Management, Process Optimization, Stakeholder Management, Agile, Scrum, Lean, Notion, PowerPoint, MS Office Suite

ACHIEVEMENTS

- 1st Position – Delhi Level Idea & Innovation Competition** - Represented at national level
- Letter of Appreciation** - 1 Delhi Battalion NCC – For leadership and execution excellence
