Open to relocate to Europe/UK, requires visa sponsorship | Available from mid-2027
Languages: English (B2), Hindi (native), German (A1, Learning)

PROFESSIONAL SUMMARY

Civil Engineering student with an international BIM background and a focus on coordination, quality control and project delivery. Comfortable working between modelling and coordination, and with remote, process-driven teams across time zones. Seeking BIM Modeller, BIM Coordinator or Project Coordinator roles in Europe and the UK.

EDUCATION

B.Tech, Civil Engineering | Delhi Technological University (DTU), Delhi, India **2023 – 2027**

PROFESSIONAL EXPERIENCE

BIM Modeller (Remote, Part-Time) & Architecture & BIM Intern | Celekohr GmbH, Germany **Jan 2026 – Present**

- Completed 6-month Architecture & BIM internship (Jan–Jun 2026), modelling 150+ residential and commercial projects in ArchiCAD at LOD 200–300 for client energy audits in Germany.
- Exported IFC files for downstream energy-model extraction and ran 30+ monthly pre-checks for dimension errors and project-standard deviations.
- Transitioned to Remote, Part-Time BIM Modeller (Jul 2026 – Present): document requirements, resolve project issues, and maintain consistent modelling standards across deliverables.

Project & Design Coordination Intern | Studio Orange, India **Jul 2026 – Sep 2026**

- Coordinate with architects and multidisciplinary teams across **25+ projects**, tracking design deliverables, resolving design conflicts, and supporting alignment with project requirements.
- Conduct structured architectural **drawing reviews and QA/QC checks**, identify design and documentation issues, and track corrective actions through closure.
- Maintain project documentation, issue trackers, and follow-up records to support effective communication and timely delivery across project stages.

Co-Founder, BIM & Visualisation Studio | Ribhus **Jun 2026 – Present**

- Co-founded a BIM and architectural support studio focused on Scan-to-BIM, CAD drafting, BOQ extraction and visualisation, while defining service workflows and delivery processes.
- Run a weekly pipeline of 20-25 outreach targets in Germany and the UK, tracking follow-ups in Google Sheets.

RELEVANT PROJECTS

Truss Bridge Renovation Project | IS 800:2007, AutoCAD (Freelance)

- Won a freelance opportunity with a consulting firm in Rajasthan and delivered 17 detailed 2D AutoCAD (DWG) sheets of gusset plate and girder bolted connections in 8 days, working from the firm's design inputs.
- Moved from residential floor plans and elevations into structural steel detailing, producing connection plans, elevations and sections for a truss bridge renovation.
- Learned to read structural requirements and turn them into clear, consistent connection drawings under a client deadline, and was paid per sheet.

Delhi Traffic Congestion & Signal Optimization Analysis | SQL, Power BI

- Conducted SQL-based data analysis of more than **2,000** observations on 5 test routes to determine key points of congestion, traffic patterns, and signal delay trends.
- Designed a 5-page Power BI dashboard, combining multiple public datasets and the simulated data of Delhi's corridors for exploratory data analysis and deriving insights on possible transport improvements and performance.

CadetOS-Operations Data Platform | SQL, Power BI

- Developed a requirements document for three user groups and produced a working dashboard prototype to help a **150+ personnel** unit better manage its operations
- Established standardized procedures and information requirements that improved coordination, scheduling, and progress tracking.

POSITION OF RESPONSIBILITY

Junior Under Officer (JUO) | DTU NCC Unit, 1 Delhi Battalion **Sep 2023 – May 2026**

- Rose from Cadet to JUO over three years; appointed Second-in-Command (2IC) for CATC-2025, coordinating PT reporting, classes, meals, competitions and camp operations for 450+ cadets over 10 days.
- Schedule and coordinate weekly training for 100+ junior cadets and support college-level NCC events.
- Selected for one month of Thal Sainik Camp (TSC) training in prone 25 m rifle shooting; attended a 10-day EBSB camp in Assam on cultural exchange and national integration.

Media Head (2024-2025) | Vice President (2025-2026) | SAAMANT **April 2024 – May 2026**

- Promoted from Media Head to Vice President, leading communications, planning and team coordination for SAAMANT, with 4,000+ participants.
- Managed a ₹2.5 lakh event budget and coordinated teams to deliver the event.

Corporate Head | Yuvaan, DTU **Oct 2023 – Feb 2026**

- Led a 20-member team and secured three sponsorship deals through corporate outreach.
- Raised ₹50,000 in sponsorship, including winner hampers individual events, and coordinated a sponsored talk show.

SKILLS

BIM & CAD: ArchiCAD, Revit, AutoCAD, IFC Workflows
QA/QC & Coordination: Model Pre-checks, Drawing Review, Design Coordination, Technical Documentation
Quantity & Documentation: Quantity Take-off, BOQ Extraction, Construction Documentation, Technical Reporting
Data & Software: Excel, Power BI, SQL, Microsoft Office, Google Workspace, Jira, Notion

Professional: Multidisciplinary Coordination, Stakeholder Communication, Issue Tracking, Project Planning, Team Leadership, Problem Solving

ACHIEVEMENTS & CERTIFICATIONS

- **Letter of Recommendation, Celekohr GmbH (Germany)** for BIM modelling work on international projects
- **Winner, Delhi Idea & Innovation Competition**, among 200+ colleges
- **Letter of Appreciation, 1 Delhi Battalion NCC** (Col. Gurpreet Singh) for leadership and cadet operations
- Google Project Management Professional Certificate
- National Cadet Corps "A", "B" and "C" Certificates
