INTERNSHIPS

Project Operations Intern | Studio Orange, India

Jul 2026 – Present

- Coordinated execution across 15+ BIM projects, reducing client revision cycles by 35% and improving project margins.
- Conduct drawing reviews and enforce QC standards across project deliverables.

Architecture & BIM intern | Celekohr GmbH, Germany

Jan 2026 – Jun 2026

- Developed 25+ BIM models using ArchiCAD for international architectural projects, ensuring compliance with client and industry standards.
- Performed 30+ BIM model quality checks per month, identifying design inconsistencies and improving model accuracy before project delivery.

ACADEMIC PROJECTS

CadetOS | Operations Data Platform

- Cleaned and standardized 8 operational datasets containing duplicate records, inconsistent formats, and missing values before implementing a 3-layer Medallion Data Warehouse and analytics-ready Star Schema using 1,000+ lines of SQL.
- Impact:** Reduced manual preparation time for cadet reports by approximately 80%, enabling ANO and SUO to make data-driven decisions on cadet performance and operational planning.

Delhi Traffic Congestion & Signal Optimization Dashboard

- Analyzed 2,000+ traffic observations, achieving a 76-second average delay reduction by designing SQL-based data models and KPI queries to identify congestion hotspots across 5 key corridors.
- Developed a 5-page Power BI dashboard with 60% coverage of key metrics, integrating Kaggle datasets with simulated Delhi-specific corridor data.

VENTURE

Ribhus | Co-Founder & Business Operations Lead

- Co-founded a B2B engineering consulting venture delivering BIM, CAD drafting, Scan-to-BIM, and digital engineering solutions to international AEC firms; currently in pipeline discussions with 8+ German AEC firms; developing proprietary BIM-to-analytics workflow.
- Leading business operations, client development, and digital infrastructure while building operational workflows and project management systems.
